THE 2021 LECTURE BY KEIKO TAKAHASHI

In response to the requests from people who read Keiko Takahashi's books and wanted to hear her lecture, The Lecture by Keiko Takahashi began in 1992.

Since then, the lectures have been held every year with a new theme, in major cities throughout Japan (live lectures), and overseas (video/online).

A total of 1.5 million people have attended so far.

Lecturer's Profile Keiko Takahashi

Keiko Takahashi explains that at the foundation of the many challenges that modern society confronts lies a hollowing out of human beings as many have lost sight of the *origin of their existence as a soul* that embodies eternal life. She has developed a new perspective of human beings and the world that guides the recovery of that origin, compiling them into the comprehensive *Study of the Soul*. So that everyone can walk on this path in their daily lives, she has formulated a system of principles and methods for its practice. Keiko Takahashi leads GLA, a practicing group of the *Study of the Soul*, and provides more than 300 lectures and personal guidance a year. She accompanies and guides individuals on their paths, across several demographics and career types, addressing professionals in business management, medicine,

education, law, art, and other fields based upon her insight toward the future of Japan and the world. Providing exceptional dialogue-based guidance that deals with real problems from the dimension of the soul, she has gained trust from all walks of life as a *comprehensive consultant in life and work*. Keiko Takahashi's lecture series circuit for the general public has been ongoing since its inception in 1992, with the number of attendants exceeding 1.5 million. The author's many major works include *The Golden Path*, *The Power to Know Oneself**, *How to Make Your Life the Best**, *The Reason Why You Live There, Reversing Destiny**, *We Can Change the Future!**, *Your Best for a New Era**, *Adventure of the Soul**, and *The Path of Prayer (Revised Edition)**. (Books marked with an asterisk are available in English. All by Sampoh Publishing Co., Ltd.)

Safe Infection Control

Both participants and staff members are requested to fill out the medical questionnaire and to disinfect shoe soles and hands upon entering the building. We follow the *five measures* : (1) hand washing (2) mask wearing (3) ventilating (4) taking body temperature (5) keeping one's throat moisturized and rooms humidified) and avoiding the *3C's*: *closed spaces, crowded places, and close contact settings*).

Comments from first-time participants

If there is a meaning to everything that happens, then I want to challenge even unpleasant and painful things, and for that I want to change. (Male teenager)

I felt that the Study of the Soul has the power to solve various problems and overcome trials. (Female, 30's, overseas)

Listening to the practical examples, it was a good opportunity for me to reflect on myself as I was looking for a new path. (Female, 40's)

I was given an opportunity to think deeply about life. I realized that I can live a better life by knowing my "new self". (Male in his 50's)
